Assembly

- 13** Do not fully tighten the screw E until you have completed assembly of part G

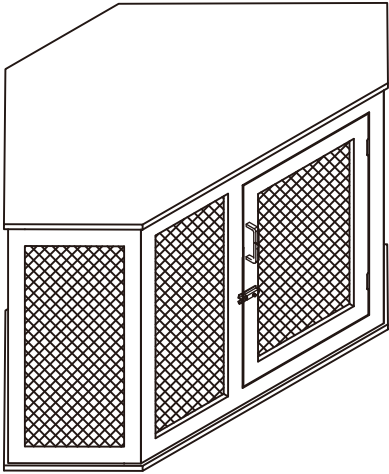

- 14** Tighten the embedded screws.

Assembly

15

1.

Q: Can I change the direction of the door?

A: The direction of the door cannot be changed.

2.

Q: I received a screw that couldn't match with the hole or I received an incomplete screw, what should I do?

A: If the screw didn't match or couldn't tight with hole, please check whether the screw has thread or the hole has thread. If not, please contact us. Of course, we will send you replacement screws if they were lost.

3.

Q: What to do if there are no holes in the board for the screws to be fitted?

A: As the material is made of wood, you can either drill a screw hole in the screw mounting position or drill the screw directly into it. If it is not possible to drill holes or screws, please contact us.
